

# PRE-OP LIVER REDUCTION DIET

The following High Protein, low calorie diet is recommended to begin 2 weeks prior to your weight loss surgery. This program promotes weight loss and reduces the liver size. This makes your procedure easier for your surgeon and safer for you.

Please inform your Bariatric Surgeon, Primary Care Physician or Dietitian before beginning this Liver Reduction Diet

## Daily Requirements:

### 4 Dr. Mona Misra Shakes

Take one Dr. Mona Misra Protein shake for Breakfast, Lunch, and Dinner. You may have an additional protein shake in the evening. You may substitute one shake for <500 calorie high protein meal or frozen meal.
